

Clairoy
MAINTENANCE CHEMICALS

PRESS RELEASE

21st July 2010
For Immediate Release

New HQ ,Website and Expanded Product Range Mark Clairoy's 30 Years+ in Maintenance Chemicals

Following its move in April to new larger premises in Rugby, industry specialists **Clairoy Maintenance Chemicals Ltd** (www.clairoy.co.uk) have recently announced the launch of a new website and online store to present its largest ever range of advanced maintenance chemicals.

Clairoy have been selling bulk cleaning and lubricating products to the facilities management industry for over 30 years now. With on-going contracts with some of the country's largest companies such as **Balfour Beatty Workplace**, **Norland Managed Services** and **George Burchill Services**, the company have built up an enviable reputation as one of the UK's leaders in its field.

Earlier this year **Clairoy** achieved accreditation on the **SAFEcontractor** scheme following several months of training and assessment. The company is also in the process of obtaining ISO 9001 and 14001 accreditations and is due to complete in September.

Clairoy's new website provides customers with information on the company's entire range of over 30 products for cleaning, degreasing, lubricating, descaling, floor painting and carbon stripping, drain unblocking, odour and grease control and hand care products.

Clairoy has recently added a number of new advanced products including a highly absorbent powder called **Biosorb**. This powder effectively absorbs blood, vomit and urine spillages, and has been popular with Nightclubs and Bars as well as other industries. Other top sellers include it's Hard Surface Cleaner (G7), Descaling Cleaner (C6), Tap and Shower Descaler (H1), Industrial Grade Paint Remover (A10) and Exocet (X1), a newly formulated caustic granule which dissolves grease, oil, fat and hair in sinks, showers, washbasins, baths, urinals and drains.

The new website provides detailed information on all **Clairoy** products and customers can order any product online for immediate dispatch.

To find out more about the most advance and effective bulk cleaning, lubricant and maintenance chemicals available in the UK visit www.clairoy.co.uk.
